PARENT AND FAMILY ENGAGEMENT POLICY
2019-2020

The administration and faculty of Park Vista Elementary School believe that parent involvement is a vital step in reaching the instructional goals of all students. The home/school cooperative system helps each student reach his/her academic potential. It also helps students develop responsibility and self-discipline. This combined effort of home and school assists the student in extending learning beyond the classroom, and in improving achievement.

Park Vista Elementary has established numerous programs to encourage strong parental involvement. Emphasis on these programs is placed in grades preschool through six. Some of these activities are:

♦ Family nights in October and January
